PRESIDENT'S ADVISORY COMMITTEE
ON THE STATUS OF WOMEN

UNIVERSITY OF CALIFORNIA
OFFICE OF THE PRESIDENT

Kirsten Bibbins-Domingo, PhD, MD, MAS is the Lee Goldman, MD Endowed Chair in Medicine, Professor and Chair of the Department of Epidemiology and Biostatistics, and Professor of Medicine at the University of California, San Francisco. She is the inaugural Vice Dean for Population Health and Health Equity in the UCSF School of Medicine.

Dr. Bibbins-Domingo, an expert in disease prevention, co-founded the UCSF Center for Vulnerable Populations at Zuckerberg San Francisco General Hospital, a research center focused on discovery, implementation, policy, advocacy, and community engagement for communities at risk for poor health and inadequate healthcare. Its work has transformed understanding of how social vulnerabilities relate to health.

She serves as a medical expert on various media outlets on topics that include: the challenges of poverty on accessing health care; changing recommendations related to mammograms and prostate screenings; and the impact of soda and salt consumption on health.

The President's Advisory Committee on the Status of Women (PACSW) established the Women We Admire series in 2009 to bring women from throughout the UC system to UCOP to share insights about their careers, workplace challenges and work-life balance. <http://ucop.edu/pacsw/events-programs/women-we-admire.html>
